To whom it may concern:

I am writing to recommend the services of Gregorio Gamino, (Gamino's Cleaning.com). Gregorio started working as an employee of a Johnson Controls subcontractor for several years at Brown College. During that time, Gregorio has shown through his actions that he is a dependable and very diligent worker with a great attention to detail for his trade.

The College was a huge challenge for Gregorio and his staff. They maintained over 180,000 square foot property from top to bottom. The feedback we received from the customer for the janitorial services was always positive. They also helped the maintenance staff whenever there was a need for an extra hand at minor facility related duties, which was not in their scope of work. It was a pleasure to work with a friendly and cooperative staff throughout our 10 years at the College.

I feel confident in recommending Gregorio's cleaning service to anyone in need of professional cleaning for their facility.
